

Murano Glass Necklace and Earring Set (designed by Nellie Scott)

This hand-made necklace set was inspired by the stunning focal component – a 2X2” lamp worked glass pendant - purchased while on vacation in Murano, Italy. It is composed of a mixture of golden swirled beads, round jade beads, clear Swarovski crystals and seed beads. The necklace measures 20” and is connected by a lovely ½” dragonfly clasp. The matching pierced earrings measure 2”.

It is truly a statement piece designed to be noticed by others.

Valued at \$200.00
